Organics the Easy Way®

EnviGreen®

Organic-Based Fertilizer For Lawns and Landscapes

The Right Organics In the Best Formulation

EnviGreen's® diverse, nutrient-rich ingredients are selected to promote and encourage plant vigor, density and color. Our unique blend of ingredients includes alfalfa meal, kelp meal, crab meal, feather meal, kelp extract and more.

More Than Just Blended. No Dust.

EnviGreen's® ingredients are combined with a unique binder and agglomerated into uniform granules that are easy to use and non-dusty.

How To Use

For New Lawns:

Apply to soil after tilling or turning and prior to seeding or sodding. Apply 4 lbs. per 100 sq. ft. (16 lbs. per 400 sq. ft.).

For Established Lawns:

Apply EnviGreen® in spring and fall. Apply in mid-season if soil or turf is poor. Apply 4 lbs. per 400 sq. ft. (16 lbs. per 1,600 sq. ft.) using a drop or rotary spreader. Supplement with *Guarantee® Green* monthly.

For Shrubs, and Woody Ornamentals:

Apply 1/2 lb. (approx. 2 cups) per average size shrub or 4 lbs. per 200 sq. ft. Cover entire area under plant canopy. Work lightly into soil, as possible. Water. Apply once in spring and once in mid-autumn.

“Treat your grass like the living thing that it is...hundreds of little plants that need proper care and attention to thrive.”

For Trees: Use 1 cup per inch diameter of trunk once in fall. Sprinkle around tree inside drip line starting at least one foot from trunk and work gently into soil, or auger 4-6 inch deep holes at 1 ft. intervals and add *EnviGreen®*. Citrus and conifer trees will benefit from occasional applications of MaineStream Organics' *The Right Stuff®*.

Application Coverage Rates

For 1 lb. of N/1000 sq. ft. apply 8.33 lbs:

- 1 bag (50 lbs.) covers 6,000 sq. ft.
- 7.25 bags (363 lbs.) covers 1 acre

Application Guidelines

- Apply when air temperatures are under 90°F.
- Irrigate after application.
- Do not exceed 8.33 lbs./1,000 sq. ft. in any single application.

Storage

Store in a dry location. Keep bag closed when not in use. Keep out of reach of children.

30 years of state-of-the-art, safe and effective organic-based soil conditioners and fertilizers.
