

Organics the Easy Way®

NutriVeg®

All Natural Fertilizer For Organic Growing

Grow A Great Garden Organically

- The Best Natural Organics
- Superior Formulation
- Safe; Easy-to-Use; No Dust
- Proven Results
- Environmentally Beneficial

How To Use

Vegetables, Fruits, Herbs and Flowers:

Apply in spring after tilling or turning your soil and prior to planting. Use 1.82 kg per 10 sq. m. (4 lbs. per 100 sq. ft.). Work lightly into top 2-3 inches of soil. Reapply in late spring and early summer by broadcasting or sprinkling around plants as needed. Apply each time you plant a new crop. Improve hardiness by applying *Guarantee® Organic* liquid kelp extract during the growing season.

Established Gardens:

Side dress along rows, or scatter lightly and evenly over soil surface, then rake lightly into soil using handrake or hoe. Use 1/4 to 1/2 cup per sq. ft. Apply in spring and early summer.

GUARANTEED ANALYSIS

Total Nitrogen (N)	5.0%
0.50% Water Soluble Nitrogen	
4.50% Water Insoluble Nitrogen	
Available Phosphate (P ₂ O ₅)	4.0%
Soluble Potash (K ₂ O)	4.0%
Calcium (Ca)	5.0%

Derived from: Alfalfa Meal, Crab Meal, Feather Meal, Fish Meal, Kelp, Kelp Extract, Rock Phosphate, Sulphate of Potash F 1409

Nitrogen: 5.0% organic (5.0% natural)

Fruit and Other Trees:

Apply 1 cup per inch trunk diameter in spring under branch tips where the feeding roots lie, and work lightly into soil. A second application in early summer will be helpful for poor soils or where trees are under stress.

Storage

Store in a dry location. Keep out of reach of children. Reclose after use.
