RIGHT!™

The Right Stuff®

with Li'l Buddies®
Microbiological Complex

All-Natural, Organic Fertilizer
Soil Conditioner
Thatch Manager

FOR LANDSCAPE PROFESSIONALS

Building A Vital Growing Medium

The Right Stuff® contains a diverse range of nutrient-rich, organic ingredients and a unique blend of Li'l Buddies® microorganisms that promote root growth and plant vigor.

- The Best Natural Organics
- Superior Formulation
- Safe; Easy-to-Use; No Dust
- Proven Results
- Environmentally Beneficial

How To Use

Apply to soil after tilling or turning. Work in with garden rake. Then plant seeds or plants. If *The Right Stuff*® is your only fertilizer, apply 3-4 times during growing season. Or use for initial plantings, then follow with regular applications of *MaineStream Organics*® other fine fertilizers.

Lawns:

Use 10 lbs. per 1,000 sq. ft. (5 kg. per 100 sq. m.) 4 times per season.

Gardens:

Use 10 lbs. per 1,000 sq. ft. (5 kg. per 100 sq. m.) early in the season. Can be reapplied by broadcasting or sprinkling around plants where gardens are already established. Apply approx. 2/3 cup per sq. ft.

Roses:

Use 1/2 cup in bottom of hole for new bushes. Mix with existing soil in base of hole.

GUARANTEED ANALYSIS

Total Nitrogen (N)	4.0%
0.10% Ammoniacal Nitrogen	
1.80% Water Soluble Organic Nitrogen	
2.10% Water Insoluble Nitrogen	
Available Phosphate (P₂O₅)	3.0%
Soluble Potash (K₂O)	4.0%
Calcium (Ca)	4.0%

Derived from: Kelp Meal, Fish Meal, Alfalfa Meal, Crab Meal, Feather Meal, Rock Phosphate, Sulfate of Potash and Kelp Extract **F 1409**

Nitrogen: 4.0% organic (4.0% natural)

ALSO CONTAINS NON PLANT FOOD INGREDIENTS:
Proprietary blend of naturally occurring microbes

For established plants: use 1 cup per average size bush in early Spring. Sprinkle liberally around base of plants and work into soil. Follow with *Grand Prize*® fertilizer in the spring and summer.

Citrus, Pine and Other Trees:

Use 1 cup per inch diameter of trunk. Sprinkle around tree inside drip line starting at least 1 ft. from trunk and work gently into soil, or auger 4-6 in. deep holes at 1 ft. intervals and fill.
