The Right Stuff®

GBS®

Granular Bio•Stimulant

- *Natural, Organic-Based*
- *Accelerates Establishment and Root Growth*

FOR LANDSCAPE PROFESSIONALS

Accelerating Turf and Plant Establishment and Root Growth

The Right Stuff® Granular BioStimulant contains a diverse range of nutrient-rich, organic meals and ingredients in a protective matrix. It speeds root growth and development, and helps create vigorous lawns and landscapes.

The Right Stuff GBS™ is formulated for professional landscapers for use in loam, sandy-loam, clayey and depleted soils.

- The Best Natural Organics
- Superior Formulation
- Safe; Easy-to-Use; No Dust
- Proven Results
- Environmentally Beneficial

How To Use

Apply one time after tilling or turning the soil. Work into the top 2" (10 cm.) of soil with garden rake. For best results, apply immediately prior to seeding, sodding or sprigging. After establishment, use other MaineStream Organics fine fertilizers to maintain growth and hardness.
