

Organics the Easy Way®

# The Right Stuff®

Organic Fertilizer & Soil Amendment For Every Garden

## Building A Vital Growing Medium

*The Right Stuff*® contains a diverse range of nutrient-rich, organic ingredients and a unique blend of Li'l Buddies® micro-organisms that promote root growth and plant vigor.

- The Best Natural Organics
- Superior Formulation
- Safe; Easy-to-Use; No Dust
- Proven Results
- Environmentally Beneficial

## How To Use

Apply to soil after tilling or turning. Work in with garden rake. Then plant seeds or plants. If *The Right Stuff*® is your only fertilizer, apply 3-4 times during growing season. Or use for initial plantings, then follow with regular applications of *MaineStream Organics*® other fine fertilizers.

### Flowers, Vegetables, Lawns:

Use 1.82 kg per 40 sq. m. (4 lbs. per 400 sq. ft.) early in the season. Can be reapplied by broadcasting or sprinkling around plants where gardens are already established. Apply approx. 1/4 cup per sq. ft.

### Roses:

Use 1/2 cup in bottom of hole for new plantings. Mix with existing soil in base of hole. For established

**ALSO CONTAINS NON PLANT FOOD INGREDIENTS:**  
Proprietary blend of naturally occurring microbes

plants: use 1 cup per average size bush in early Spring. Sprinkle liberally around base of plants and work into soil. Follow with *Grand Prize*® fertilizer in the spring and summer.

### Citrus, Pine and Other Trees:

Use 1 cup per inch diameter of trunk. Sprinkle around tree inside drip line starting at least 1 ft. from trunk and work gently into soil, or auger 4-6 in. deep holes at 1 ft. intervals and fill.

### Orchids and Bonsai:

When using soil as your planting medium, use 1 teaspoon per month per 6 inch pot. In garden, use 1/4 cup per sq. ft. every three months.

## As a Compost Builder:

Add 2-4 lbs. per cubic yard while adding waste, leaves or clippings.

**Four pounds will yield approximately 42 quarter-cup applications.**

## Storage

Store in a dry location. Keep out of reach of children. Reclose after use. Do not freeze.

**Microorganism viability best within one year of purchase.**

**30 years of state-of-the-art, safe and effective organic-based soil conditioners and fertilizers.**
